SUMMARY

I'm a Front-End Developer with extensive experience in HTML/CSS, SVG, vanilla JavaScript, and React.js. I also have a great sense of visual design and UI animation. I live in Indonesia (GMT+7) and work as a remote developer for a New York-based agency.

EXPERIENCE

- **Icreon Tech** (September 2016 - Present)

Developed interactive data visualizations with React.js. Developed desktop app with Electron.js that enables employees to log their time easily. Currently developing company blog with headless WordPress and Next.js.

- **Traveloka** (October 2015 - August 2016)

Developed UI prototypes featuring interesting animations. My dribbble shots from Traveloka can be found at <http://dribbble.com/traveloka>

- **uiplease.com** (April 2017 - Present)

<http://uiplease.com> is a side project for my animation experiments. I also write the technical process for each animation.

SKILLS

- HTML/CSS/SVG
